Gear Manufacturers
Besides the manufacturing of mechanocal gears, industrial gears and gears drives, our company is also involved in carrying out various turnkey projects. Our extensive industry experience and in depth knowledge of the production process enables us to successfully manufacture products for Indian as well as international markets. As a result of this we have diversified our services and moved on taking up consultation for turnkey projects like turnkey cement plants, re rolling plants and sponge iron plants. We provide model, design, manufacture, installation and commissioning as to the requirements of the customers for all turnkey plants.
